THE ORIGINAL SPIEGELAU PERLAGE DRIVER.*

Every Spiegelau sparkling wine/champagne glass includes a **perlage driver** for a sparkling drinking experience.

HOW TO DISTINGUISH THE CLASS OF GLASS

FINE AND LASER CUT RIM:

elegant look
smooth, lip contact
directs the flow of wine
less chipping

BOWL:

Colorless and transparent bowl
allows wines to express their
true visual characteristics

Perfect connection reduces breakage

Seamless or nearby seamless stems
provide a premium tactile experience

Enforced foot for improved durability

No sharp rims and a flat base improve
esthetics and stability

The Spiegelau Definition glass series is described by the brand as a premium line of wine glasses designed to combine elegance, lightness, and functionality for professional and home wine service. The glasses are machine-made using advanced glassmaking technology, resulting in extremely thin yet durable crystal that is lightweight, perfectly balanced, and comfortable to hold. Their carefully shaped bowls are designed to enhance the aromas and flavors of wine, allowing the bouquet to fully develop while maintaining clarity and brilliance. Developed in Germany and suitable for professional gastronomy, the Definition series is also dishwasher-safe, making it both refined and practical for everyday use.

PADERNO | HOME AND ALUMINUM COOKWARE

PADERNO®

WORLD CUISINE

Cookware, Pots and Pans

High-quality cookware designed around durable materials and reliable performance. Paderno cookware is crafted with a focus on even heat distribution, practical handling, and everyday versatility, making pots and pans that support everything from sautéing and simmering to braising and frying. With a long heritage in producing functional kitchen tools, these pieces aim to deliver dependable results whether for professional kitchens or passionate home cooks.

GN Food Pans

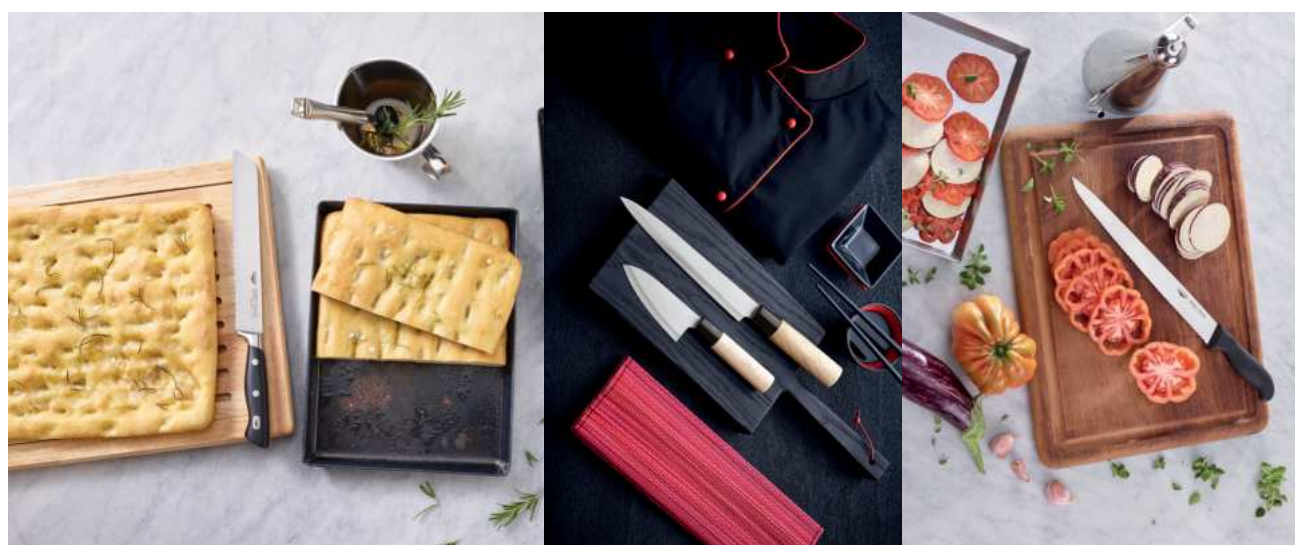

Gastronorm (GN) food pans are standardized, durable containers designed for use in commercial kitchens to cook, serve, store, and transport food efficiently. Their uniform sizing system ensures compatibility with ovens, steam tables, buffet wells, and refrigeration units, while stackable construction and reinforced edges make them practical for high-volume food preparation and organization.

Kitchen Utensils

Professional-grade tools designed to support all aspects of food preparation, cooking, and serving with quality, functionality, and durability. Crafted to meet the needs of chefs and cooking enthusiasts alike, this range includes essential implements such as turners, ladles, strainers, and specialty tools that make kitchen tasks easier and more efficient in both professional and home environments.

Knives

Crafted with sharp, durable blades and ergonomic designs to deliver high performance and precision for a wide range of kitchen tasks. Whether forged or stamped, these knives are built to handle everyday food preparation with comfort and reliability, making them suitable for both professional chefs and home cooks alike.

Pastry Utensils

Professional-grade tools designed to support all aspects of baking and dessert preparation. Crafted with high-quality materials and thoughtful ergonomic details, they help bakers handle dough, cream, and delicate ingredients with precision and ease, making them ideal for both commercial pastry kitchens and home bakers.

Ethnic Cuisine

Designed to help chefs recreate authentic dishes from international culinary traditions. The range includes specialized cookware and utensils such as woks, steamers, sushi tools, and precision knives that support the preparation and presentation of Asian and other global recipes while maintaining traditional cooking techniques.

Bar and Ice-Cream

Designed to support professional beverage and dessert preparation with precision and style. The range includes essential items such as cocktail shakers, strainers, jiggers, ice buckets, scoops, and serving accessories that help mix drinks, portion frozen desserts, and present beverages efficiently in bars, cafés, and dessert shops.

Table Top Service

Designed to enhance food presentation and dining experiences in professional hospitality settings. The collection includes serving boards, trays, and presentation accessories crafted from durable materials to combine elegance, practicality, and reliable performance for restaurants, catering, and buffet service.

Buffet Display and Presentation

Designed to elevate food presentation in professional hospitality environments. The range includes stands, risers, trays, and modular display systems that help organize and showcase food attractively while maintaining efficiency and hygiene in buffet lines, catering setups, and restaurant service.

Chafing Dishes / Trolleys

Designed to support efficient food service in buffets, catering, and banquet settings. The range includes elegant stainless-steel chafing dishes that keep food warm and presentable, along with service trolleys that allow convenient transport and organized service in professional hospitality environments.

Storage, Transport, Cleaning

Designed to support efficient kitchen organization and hygiene in professional environments. The range includes durable food containers, transport trolleys, and practical accessories that help store ingredients safely, move equipment and food with ease, and maintain cleanliness in commercial kitchens and food service operations.

Electric Appliances

Designed to bring technology, practicality, and efficiency to professional and commercial kitchens. The range includes compact and versatile equipment such as slicers, mixers, blenders, grills, fryers, and other countertop appliances that help simplify food preparation, cooking, and service operations.

Gluten Free - Spare Parts

Specialized accessories designed to support safe food preparation and maintenance of professional kitchen equipment. The range includes dedicated containers, utensils, and replacement components that help prevent cross-contamination when preparing gluten-free foods while ensuring continued efficiency and functionality of kitchen tools.

ROSENTHAL | PORCELAIN AND INTERIOR COLLECTIONS

RosenXthal

Casual Dining

High-quality porcelain and stoneware pieces designed to combine timeless style with practical durability for daily use. These collections are crafted to elevate relaxed meals and informal dining occasions with versatile shapes, thoughtful design, and robust materials that stand up to regular use while enhancing presentation. Whether serving brunch, lunch, or family dinners, this range brings everyday elegance and functionality to the table.

All Day Dining

Refers to a versatile range of porcelain and stoneware designed to perform across a wide variety of service occasions throughout the day — from casual breakfast and lunch to dinner and informal buffet or lounge service. These pieces combine practical durability with stylish design that works in high-turnover hospitality settings where consistent performance and ease of use are key, bridging the gap between casual and refined dining styles.

Fine Dining

Refers to premium porcelain collections crafted to elevate upscale culinary presentations with refined design, exceptional craftsmanship, and artistic detail. These pieces are designed to showcase haute cuisine and create memorable dining experiences in fine-dining restaurants and luxury hospitality settings, combining elegant forms with durable, high-quality tableware that reflects refined tabletop culture.

Breakfast

Porcelain pieces like breakfast plates, cups, and saucers designed for morning meal service with the same quality and craftsmanship found throughout Rosenthal's tableware collections. These items combine durable porcelain construction with elegant shapes and decorative options that make them suitable for both casual breakfast service and coordinated table settings in hospitality or home use.

Room Service

Includes specially selected porcelain and tableware pieces designed for elegant in-room dining in hotels and hospitality environments, offering durable, stylish, and functional items that support refined food presentation and service delivered directly to guest rooms. These items combine Rosenthal's premium porcelain quality with practical design suited for hotel room service setups.

Decor

Decorative porcelain pieces and accessories designed to enhance table presentation and interior settings with artistic expression and refined craftsmanship. These items combine Rosenthal's heritage of high-quality porcelain with creative design often featuring elegant shapes, vibrant colours, crystal accents, and unique decorative motifs — to enrich table culture and complement both everyday and special occasions.

Swarovski

Rosenthal's premium porcelain craftsmanship with the iconic crystal artistry of Swarovski to create luxurious tableware and decorative pieces. These products feature elegant porcelain enhanced with precise crystal elements and refined details that add sparkle, sophistication, and visual impact, making them ideal for high-end dining and refined interior décor.

Versace

The iconic luxury design of Versace with Rosenthal's exceptional porcelain craftsmanship to create opulent tableware and home accessories. These collections feature signature Versace motifs — such as the Medusa head, baroque patterns, bold color palettes, and ornate gold accents — applied to high-quality porcelain, offering a striking blend of fashion-forward aesthetics and functional elegance for upscale dining and décor.

Custom

Personalized porcelain solutions tailored for hospitality and restaurant concepts, allowing hotels, restaurants, and catering services to incorporate their own logos, line decorations, or color accents on premium Rosenthal porcelain. Rosenthal offers a flexible customization program that lets customers visualize designs quickly, sample them, and produce bespoke tableware that reflects brand identity and enhances presentation while maintaining the brand's high quality and craftsmanship.

SAMBONET | CUTLERY AND FLATWARE

Cutlery

The Italian tradition of excellence in flatware, combining high-quality materials and craftsmanship with thoughtful design for both everyday and formal table settings. Made predominantly from premium stainless steel (often 18/10) and available in a wide range of classic, modern, and designer styles, Sambonet cutlery brings elegant form, durable performance, and refined Italian taste to the dining experience. Each collection reflects a blend of functional balance and aesthetic appeal that enhances tabletop presentation in hospitality and home environments alike.

Table and Serving

Designed to enhance the presentation and functionality of the dining experience with refined Italian design and high-quality materials. This range includes serving trays, bowls, platters, sauce boats, and other table accessories that combine aesthetic appeal with practical performance for professional hospitality service and stylish home dining. Products reflect Sambonet's heritage of craftsmanship, offering elegant forms and durable construction that support both plated service and shared displays.

Kitchen

Professional-grade utensils, cookware, and food preparation equipment designed with Italian craftsmanship and practical performance in mind. This range includes essentials such as pots, pans, ladles, spatulas, kitchen knives, preparation tools, and specialty implements that support efficient cooking, precise preparation, and durable performance in busy commercial kitchens or refined home cooking environments. Products blend functional design with quality materials to ensure reliability and comfort for everyday use.

Home Bar

Designed to bring refined Italian style and professional performance to beverage preparation and service. This range includes elegant bar tools, cocktail accessories, glassware, ice buckets, shakers, jiggers, and other mixology essentials that combine ergonomic design with high-quality materials to support both casual entertaining and sophisticated cocktail service at home. The collections reflect Sambonet's heritage of craftsmanship and modern aesthetics, making them suitable for stylish residential bars or hospitality environments.

Home Decor

Decorative accessories that combine refined Italian design with quality craftsmanship to enhance living and dining spaces. This range features pieces such as vases, candle holders, decorative trays, and sculptural accents that bring artistic style and elegance to interior settings, complementing both contemporary and classic décor themes.

Gift Ideas

Curated collections of premium tableware, kitchen tools, and home accessories designed to offer stylish and practical gifting options. These selections including cutlery sets, barware, serving pieces, and decorative items combine Italian design, quality materials, and thoughtful presentation, making them ideal for special occasions, housewarmings, weddings, or hospitality gifts.

ARTHUR KRUPP | TABLEWARE AND SERVING

Cutlery

Premium flatware crafted with refined design and high-quality stainless steel, blending elegance and functionality for professional hospitality and refined dining service. Part of the historic Italian tableware tradition. ArthurKrupp flatware offers classic, modern, and versatile styles that enhance tabletop presentation while withstanding frequent use in hotels, restaurants, and contemporary dining environments.

Dinnerware

High-quality porcelain and bone china tableware crafted in Germany for professional hospitality and refined dining. Designed to be durable and resistant to everyday use while offering a variety of contemporary, classic, and creative styles, these dinnerware pieces support versatile presentations from casual meals to formal service with sophisticated design and toughness suited to HoReCa environments.

Table and Serving

Crafted to complement fine dining and professional hospitality service, combining durable porcelain and elegant design with functional performance. This range includes platters, serving bowls, trays, and other accessories that enhance food presentation and support organized service in restaurants, hotels, and event catering, while maintaining the refined styling and resilience expected in HoReCa environments

Customization

Offers personalized porcelain tableware solutions tailored for hospitality and professional dining concepts, allowing clients to incorporate unique décor, logos, and design elements that enhance brand image and communication. With expert design support and flexible decoration options, Arthur Krupp can create bespoke pieces that maintain high quality and craftsmanship while reflecting a distinct visual identity for restaurants, hotels, and catering services.
